Summary

MSc Data Science student with a strong foundation in Mathematics and hands-on experience in Machine Learning, predictive modeling, and data analysis. Proficient in Python, SQL, Pandas, NumPy, and Scikit-learn, with experience developing end-to-end ML projects using real-world datasets.

Education

MSc Data Science 2025 – 2027 (Expected)
Marwadi University (NAAC A+), Rajkot CGPA: 8.63

BSc Mathematics 2021 – 2024
Tolani College Of Arts And Science, Gandhidham CGPA: 7.41

Technical Skills

Programming: Python, SQL

Libraries: NumPy, Pandas, Matplotlib, Scikit-learn, Keras

Machine Learning: Regression, Classification, Clustering, Association Rule Mining

Concepts: EDA, Data Preprocessing, Feature Engineering, Model Evaluation

Deep Learning: ANN, CNN, RNN, LSTM, Attention Mechanism, Transformers, NLP

Tools: Power BI, Streamlit, Git, GitHub

Projects

ML-Based Song Recommendation System (Python) [GitHub]

- Developed an ML-based recommendation system using an 84,000+ song dataset.
- Implemented Cosine Similarity, K-Means, and KNN for personalized recommendations.
- Performed feature scaling and preprocessing on audio attributes (energy, tempo, popularity).
- Designed a multi-method recommendation engine supporting song, genre, and artist queries.

Personal Carbon Footprint Calculator (ML + Streamlit) [GitHub]

- Developed an end-to-end ML pipeline with data preprocessing, feature engineering, and model evaluation.
- Trained, evaluated, and compared Linear Regression, Random Forest, Gradient Boosting, and LightGBM models.
- Evaluated multiple models and selected the best-performing model based on evaluation metrics.
- Deployed an interactive Streamlit web app for real-time carbon footprint prediction and visualization.

Power BI Dashboards

- **Credit Report Dashboard** [GitHub]
  Designed an interactive Power BI dashboard to analyze customer income, credit limits, and loan trends.
- **HR Analytics Dashboard** [GitHub]
  Developed an HR Analytics dashboard to visualize employee performance, salary trends, and workforce insights.

Achievements

- **National-Level Handball Player**.
- **Main Lead Coordinator** – Meet the Personality (MTP) event featuring **Kirtidan Gadhvi**.

Soft Skills

Teamwork, Communication, Leadership, Problem Solving

Certifications

- **Natural Language Processing with Classification and Vector Spaces** – *Coursera* [Certificate]
- **Explore Machine Learning using Python** – *Infosys Springboard*
